HEAVIEST VOTE.
 Standing of the contestants in paper includes the vote cast up Wednesday night, May 1. The vote cast on Thursday will figure in the totals printed in Friday's Advocate. The vote cast on Tuesday was the largest of any day in the contest so far, but distribution of the vote and the fact that there are but two contestants in several of the districts show that there is a good opportunity for new contestants to enter. One new contestant in District No. 7 is announced today.

BALLOTS THROWN OUT.
 Thursday's mail brought to this office a number of ballots that were rejected because they had not been voted before date of expiration. No votes are counted unless they are cast within the required time printed daily in the upper right hand corner. Some blank ballots were found in the ballot box. Be careful each ballot along the border that the contestant's name appears plainly and that the ballot is not past its date of expiration.

MUST VOTE ON TIME.

Single ballots clipped from the Advocate must be voted on or before

the date printed on each coupon in order to be counted. Special ballots good for 100, 300 or 1000 votes issued on paid in advance subscription, must be voted within 7 days of date of issue or they can not be counted in the contest. Contestants and their friends will please keep this in mind.

DATES OF CLOSING.
 The diamond ring and \$10 in gold contest (for the largest number of new Daily subscribers for 6 months or longer) ends at 4 p. m. May 27.

The Jamestown Exposition Washington-New York contest will close at 10 p. m. June 27. Anybody who enters the contest now can win if a little systematic effort is used.

Only "Financially" Insane.
 Boston, May 2.—"Financial insanity" was the novel plea that brought freedom to Harry E. Lane, formerly of Wakefield, who has been on trial in the United States circuit court for two days on a charge of criminally concealing assets from a trustee in bankruptcy. Experts testified that Lane was afflicted with a mania for spending money, and that he had no idea where it went. After a brief deliberation the jury returned a verdict of not guilty. A motion to commit Lane to an asylum was denied by Judge Dodge on the ground that the defendant was not legally insane.

Children Face Many Dangers
 The Work and Worry and Close Confinement of Their School Days and How They Can Be Safely Guarded

To thousands of boys and girls the confinement of the schoolroom and the quiet imposed by their studies are a strain, a very serious strain. Many become broken in health by this strain and are physically weakened for life.

Give your boys and girls good, healthful, pure, strengthening food and you go far toward removing all dangers.

Malta-Vita, the crisp, delicious, whole wheat food, contains every food element necessary to the maintenance and rebuilding of the human body and is especially beneficial for children.

"Malta-Vita" is no meaningless coined word. It stands for its literal translation from the Latin and means exactly what it says, "Malt Life." The original phrase "For the blood is the life" is the starting point and final winning post of Malta-Vita, on account of its large percentage of malted, or malt sugar, a natural sweetening agent, easily digestible and readily assimilated by the human economy, forming rich, healthy blood.

Malta-Vita is so good to eat—not at all like the tasteless variety of breakfast foods—that the whole family welcome its appearance on the table. And it's always ready to eat.

ACID IN THE BLOOD.

A well known authority on Rheumatism gives the following valuable yet simple and harmless prescription, which any one can easily prepare at home:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost.

This mixture is said to relieve almost any case of Rheumatism, which is nothing more or less than sour blood—too much acid in the system, which in damp, cool weather forms into minute crystals about the joints and muscles, causing the awful pain and misery of Rheumatism.

The above mixture is said to force the kidneys to purify and sweeten the blood, causing the Rheumatism pain and swelling to diminish with each dose, until permanent results are obtained and without injuring the stomach.

It is worth while giving this a trial, anyhow.

KAYSER GLOVES
 There is no mystery about the "KAYSER" glove. Quality Fit and value, that's all. The genuine has the name in the hem, a guarantee ticket in every pair.

"The Admiral's Star for the Jolly Tar"

Admiral and tar tip their hats to "Star"—it's everybody's good chew. It's both the best and most economical chew made.

"Star" is honest value. Every plug is full 16 oz. weight, and always has been. "Star" quality is the highest as it always has been for over forty years.

STAR

PLUG CHEWING TOBACCO

still costs the same as when it was first put on the market because it couldn't be cheaper and be so good.

But "Star" is really the most economical plug you can buy because the ripe, fine-bodied leaf in "Star" is elastic and makes a lasting chew—it chews clean, rich and juicy—twice as long as "cheap" chews.

"Star" is the standard chew—standard quality, standard price, standard value—sales equal those of any five other kinds.

THE BEER THAT HAS THE CALL IS CHAMPAGNE VELVET

This is evidenced by Government records, which, like figures, do not lie; it is evidenced by the imperative necessity of enlarging materially what is already the largest brewery in Indiana.

This steady increase in the consumption of Champagne Velvet is due to the appreciation of the public that it is the best bottled beer that has ever been placed on the market; it is a popular tribute to the superiority of Champagne Velvet over all other beers.

Champagne Velvet is the beer for you—the beer for your home. One bottle will satisfy you of this.

Citizen Discovered.
While working men were engaged in excavating for the new water works plant on North Fourth street Thursday, they made a discovery that was a forcible reminder of the days previous to the establishment of the water works system in Newark. Another one of Newark's aged and most highly respected citizens, Mr. E. M. Burt, died at his home, 17 North Fourth street, at 4:30 o'clock Thursday morning, after an illness of one year with a complication of diseases, principally heart and kidney trouble. The deceased was born in Northampton, Mass., March 24, 1830, and was therefore in the 77th year of his age. His parents were Theodore and Sallie Burt, who were among the oldest and most prominent residents of Northampton, Mass. Upon arriving at school age the deceased attended district school until he arrived at the age of 14. When 20 years of age he left his home to seek his fortune in the west, and settled in Bloomington, Ind., where he conducted a general country store for several years with considerable success. He finally disposed of the business and went to Wisconsin. While in that state he over the west introducing it and selling territory for its sale, and made a great deal of money.

About 20 years ago he came to Newark, and for a while devoted his time to selling his patent gate, and finally engaged in the real estate business, in which he was very successful.

When quite young he was married to Miss Hattie Butler of Bloomington, Ind., who died many years ago. Of this union, one daughter, Mrs. Mollie Norman, of Bloomington, survives. He is also survived by one sister, Mrs. Harriet E. Stone, of Springfield, Mass., who has been with him and has constantly attended him for the past ten weeks. THE "ANIMAL WAY" OF EXERCISING THE BOWELS.

The "Animal Way" is good, but it's primitive. Very few of us can go out, when we're hungry, and run, climb, jump and hunt for our food; and even if we could, we're too civilized; and we won't return to savagery, will we?

This running, jumping and climbing Exercises the Bowel Muscles in a thoroughly Natural Way.

The "Animal Way" is the New Idea—The "Civilized Way" is the Old Idea—of taking just one of Blackburg's sweet little Castor-Oil-Pills about every other night for a couple of weeks, and once or twice a week thereafter, or whenever needed.

Indigestion

Stomach trouble is but a symptom of, and not itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, after bringing that success and vigor to Dr. Shoop and his Restorative, without that original and highly vital principle, so such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and salivary comp. use, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

Derry the Charges.
New York, May 2.—Formal statements were made by those especially interested in the inquiry into the recent election of directors of the New York Life Insurance company, and which has already resulted in the arrest of George B. Seungman, manager, and two employees of the International policyholders' committee. Mr. Seungman declared that the charge of conspiracy against C. F. Carrington, Charles Strupp and himself, that they had permitted a tampering with the ballots, was without foundation, and intimated that the accusation was inspired by those unfriendly to the committee.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of feeble weakness and general debility. Weak, puny children, too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by F. D. Hall, druggist. 50c.

IN POLICE COURT.

But one lone drunk was a passenger on the "McClure Special" Thursday morning from the city ed to the Mayor's office. He was Ed Welsh, charged with overindulgence. He drew \$5 and costs and a stone pile sentence.

Complaint was made to Mayor McCleary that some school children in West Newark had written their names on the back and fenders of Councilman Moser's auto. A light coating of dust gathered on the highly polished surface and the boys thought it great sport to finger their names with their fingers in the dust. Arrests may follow as the damage done in this way can not be repaired except by having the machine re-enamelled.

Mr. Whitney is one of the first public men of the country whom Roosevelt called a liar, which he did in bluntly denying a statement he had made in an interview with the Massachusetts statesman.

RHEUMATISM BADLY CRIPPLES A BALD- WINSVILLE FAR- MER.

URICO QUICKLY CURED HIM

Treated Two Years With a High-
Priced Physician With No
Success.

Mr. Frank Howe, a prominent farmer
in the town of Van Buren says: "I
visited the best physicians in this country
who treated me for about two years for
rheumatism. I spent in that time several
hundred dollars and seemed to grow
worse instead of better each day. Being
on crutches and forced to drive to the
train and hobbling to the doctor's office
I became very discouraging, let alone the
sleepless nights and fearful hours of
pain. Being advised by a friend I pur-
chased Smith's Urico-Pain-Expeller, took
it home and used it that day as directed.
Those fearful searing pains left me
my blood seemed to let loose and flow
freely. I felt different and knew the
next morning I had found a cure as I
slept and rested well all that night.
Something I had not done before in two
years. I used in all six bottles of Urico-
and have never felt a return of the dis-
ease, had no use for crutches or cane
since the first day's treatment.
I have since recommended Urico-O to
hundreds of friends and acquaintances
and in every instance it gave remarkable
relief. To every person who suffers from
rheumatism I say take Urico-O at once
and your suffering will soon be over."
FRANK HOWE, Baldwinsville, N. Y.
Anyone who doubts Mr. Howe's experi-
ence is invited to write him for further
details.

The manufacturers have so much con-
fidence in the remedy that they will
gladly give a large 50c bottle of Urico-
free to all Rheumatics who have never
used it and are looking for a permanent,
lasting cure for this most distressing
disease. Address for free trial, Smith,
Drug Co., Syracuse, N. Y.

SANTIAGO ROW PAYDAY BRAWL

Governor Magoon and Others in the
Light of the Affair.

OFFICIAL INQUIRY TO BE HAD

Incident Merely One of Several That
Have Occurred Recently. According
to the Mayor of Santiago, Who
States the American Sailors Were
the Aggressors in Each.

Havana, May 2.—Reports received
at the governor's palace indicate that
the fight between police and sailors at
Santiago, in which a dozen American
seamen were wounded, was merely one
of several brawls in which the sailors
are alleged to have been aggressors.
The governor of Santiago has tele-
graphed to Governor Magoon that two
such fights have occurred, and the mu-
nicipal authorities have been directed
to prevent further breaches of the
peace. Mayor Mesa of Santiago, who
has arrived here, reported to Governor
Magoon that another conflict, caused
by a sailor attacking a woman in a
disorderly house, occurred on Sunday.
The police were summoned to arrest
the man, and the sailors and marines
in nearby saloons went to the rescue
of their comrade. The mayor adds
several men were injured on both
sides.

Police Captain Lay, who is alleged
to have led the attack on the sailors,
the mayor declared, was an officer of
long service and excellent character,
and it was most unlikely he would re-
sort to violence except in extreme
emergencies.

Mayor Mesa returned to Santiago
for the purpose of starting an investi-
gation into the affair. He declared
should the police be found guilty of at-
tacking the sailors, he would inflict
summary punishment upon them.

RHEUMATIC FOLKS!

Are You Sure Your Kidneys Are
Well?

Many rheumatic attacks are due to
uric acid in the blood. But the duty
of the kidneys is to remove all uric acid
from the blood. Its presence there
shows the kidneys are inactive. Don't
dally with "uric acid solvents." You
might go on till doomsday with them,
but until you cure the kidneys you will
never get well. Doan's Kidney Pills
not only remove uric acid, but cure
the kidneys and then all danger from
uric acid is ended. Here is a Newark
testimony to prove it.

Charles Rose, of 549 West Main
street, Newark, Ohio, says: "Rheuma-
tism attacked me in the back and
loins and I felt touches of it all over
my body. I do not think there was a
joint that did not pain. My work re-
quires me to stand in water almost
constantly, and I think wet feet was
the first cause of my trouble. After
suffering for months and months with-
out being able to get anything to help
me, I heard of Doan's Kidney Pills
and got a box at Crayton's drug store.
The day I began using them I was
aching all over. My case was so se-
vere that I used three pills three times
a day, and in 48 hours from the time
I took the first dose the pain had al-
most entirely disappeared. I contin-
ued the treatment for some little time,
and have had no return of my trouble
since. I have been working in the
wet for the past twelve months with-
out suffering at all from my kidneys."

cents. Foster-Milburn Co., Buffalo, N.

GAVE A CONCERT TO BIG AUDIENCE

SHEPARDSON GLEE CLUB ENTERTAINS AT RECITAL HALL, GRANVILLE.

Improvements Are Being Made on the Campus—Other Granville News of Interest.

Granville, O., May 2.—The concert given by the Shepardson Glee club last evening in Recital Hall under the direction of Mrs. Elizabeth T. Wilson, was one of the greatest successes of the season, and the fair participants are receiving warm congratulations from all quarters. The house was filled with a most appreciative audience which responded to the various numbers with hearty applause.

The work of the soloists was uniformly good, while the choruses were sung with expression and precision. An attractive feature of the entertainment was the original and "catchy" encores composed for the occasion by Miss Stella Case, with plenty of "local color," and many neat "hits" which were by no means lost on the audience. These numbers, together with the artistically staged, marked this concert as different from any yet given by the glee club.

That the club has worked faithfully and conscientiously under most efficient direction was manifest in the "Lady of Shalott" by Wilfred Boudall, a most fascinating production. Miss Blonda Watt as soloist carried the difficult part in a charming manner in a high pure soprano, while the accompaniment by Mrs. Wilson was artistic to a notable degree. The other serious work of the club was Nevins' "Wynken, Blynken an' Nod," exquisitely sung by Miss Marion Rose in obligato, Miss Mary Eldridge and the club were heartily encored in "The Owl and the Pussy Cat." Miss Elizabeth Spencer sang three short numbers in a manner most pleasing to all, and received a merited recall. Miss Spencer possesses a fine voice and a charming personality.

Miss Nina Binger sang three numbers with delightful expression and fine voice and was enthusiastically recalled. The first of the "original encores" was sung by Miss Myla Wood and the club to the tune "Waiting at the Church," and being vociferously applauded, the club responded by singing "Experience," with Miss Rose as soloist. The applause being hearty and prolonged the club responded the last encore entitled "A Psalm of Life" (at Denison), with Miss Maud Thompson as soloist, simply brought down the house. The "hits" were "neat" enough to be funny without leaving a sting, and as no one's feelings were hurt, every one enjoyed the jokes.

Following is the personnel of the club: Clara Roubush, leader; Bertha Fulton, manager; Mrs. Elizabeth T. Wilson, director. First sopranos—Clara Roubush, Elizabeth Spencer, Stella Case, Marion Rose, Maud Thompson, Miss Carrie Howland; second sopranos—Myla Wood, Mary Eldridge, Blonda Watt; first altos—Leora Norris, Nina Binger; second altos—Lettie Roderick, Bertha Fulton.

At the conclusion of the concert, Mrs. Wilson charmingly entertained the members of the Shepardson and Denison Glee clubs, and others to the number of about sixty, in honor of her guest, Mrs. Landers of New York.

CAMPUS IMPROVEMENTS.
The campus improvements, which have been held back on account of the inclement and unseasonable weather, may now be made without interruption. The new brick and concrete work, while for the most part done well, yet presents a harsh and forbidding appearance. This trouble may be entirely relieved by vines and shrubbery. Thus nature supplements the work of man and adds materially to the resulting effects. On the east plaza there are to be lanterns set by two of the classes, which will give the finishing touches to that still incomplete approach. We shall do well to be careful not in any way to deface or harm these beautiful additions to our campus.

NOTES AND PERSONALS.
The annual banquet of the Irving Literary society will be held on May 18.

Miss Mary Evans of Zanesville, has registered for work in the Conservatory of Music for the rest of the year. The Fortnightly club held this week's session in the parlors of the Presbyterian church. Mrs. Courson of Columbus, the guest of the club, gave an interesting talk on "Italy," and Mrs. MacKinnon, wife of Superintendent L. W. MacKinnon of the Granville public schools, sang several beautiful numbers. Refreshments were served during the evening.

The members of the Granville Social club were delightfully entertained on last Friday evening by their wives in the club rooms. The evening was spent in games, dancing, and in having a good social time. Refreshments were served about 11 o'clock.

The Denison "Dandy Dances" will be at the Opera House on Monday evening, May 7. Great arrangements are being made for the event, and the indications are that the entertainment will be the most successful ever given.

Boy Believed Kidnaped.
Cleveland, O., May 2.—The police department is searching for a man supposed to have kidnaped Alex Hoenig, 3 son of David L. Hoenig, a milk dealer, who is believed to have been enticed from his home Monday.

Mrs. De Massy Testifies.
New York, May 2.—Mrs. Anisia De Massy testified in her own behalf at her trial for the alleged murder of her former employer, Gustav Simon, the shirtwaist manufacturer. She swore that when she went into Simon's office to demand money due her as wages he refused to pay her, telling her to sue for it. When she asked his reason for refusing and said the amount was not worth suing for, she testified he pushed her out of the office. She did not see him again until she was taken to him after he had been shot, she swore.

JOSEPH GRIFFITH DIED WEDNESDAY OF HEART TROUBLE

WAS ONE OF THE BEST KNOWN DETECTIVES IN THE UNITED STATES.

E. M. Burt Also a Prominent Citizen is Dead—Other Deaths and Funerals.

Ex-Marshall Joseph Griffith, one of the best known secret service men in the United States, and who bore among other distinctions, the celebrity of having placed Lincoln's secretary of war, Stanton, under arrest while he was passing through New York, died at his home here at the corner of Pine and Maholm streets, in West Newark, at 5:30 on Wednesday evening. Death was due to a heart disorder from which the deceased had suffered for a long time more or less severely. This has affected him very much in the past three weeks. On Wednesday evening he complained of feeling bad and lay down upon a cot, death ensuing almost instantly.

The deceased was born in Ulster, N. Y., on May 6, 1831, of Welsh parents. His boyhood days were passed upon the home farm in Oneida county, New York, and in June, 1845, he came to Newark where his father entered the employ of the B. & O. railroad. Early obliged to become self-supporting, he worked as a farm laborer, also engaged in boating on the canal, and was employed as a stage driver on the National road. In 1856, he commenced dealing in horses, in which he met with success. During the Civil war he was employed on the police force in Newark for four years. For many years after this he was connected with the local police department, and all of the time prominent in secret service work, being employed on some of the biggest criminal cases of his time.

The deceased is survived by two daughters, Miss Sadie Griffith, of Los Angeles, Cal., and Miss Mamie Griffith residing at the home in this city. There also remain two brothers, Benjamin Griffith of Athensville, Ill., and John, a well known B. & O. employee of this city.

For years the deceased had been chief of the police department of Newark, when this office was denominated "marshal."

He was a staunch Democrat and immensely popular. His office was

an elective one, and his nomination was generally conceded to mean an election.

Kind of heart, genial in manner, always ready and eager to help those less fortunate than himself, there are today hundreds who mourn the loss of a personal friend.

While constantly alert to the detection and punishment of the enemies of society, yet even those whom he brought to justice would say nothing against him personally.

While liberal, he was discriminating and thrifty, and accumulated, not wealth, but a fair competence, so that in the latter few years of his life he was enabled to live a comfortable retired life.

The entire community will be grieved to learn of Marshal Griffith's death, as he was probably as well known personally as any man in the city.

The funeral will be held at the late home Friday at 1 p. m., the Rev. L. C. Sparks officiating. Interment will take place in Cedar Hill cemetery.

Twelve hundred shivering fans, all unconscious of the bitter cold, sat at Wehrle park Wednesday afternoon and saw the Newark Molders apply the cleaner to Walter East's Akron men to the tune of 5 to 3. Good fortune favored the Akronites or they never would have scored. Misfortune was Newark's. Just after a shutout seemed to be safely credited to Laddy Linke, the hoodoo got after the locals and Linke was injured, making it necessary for him to retire in favor of Lefty Webb. Webb's wildness and his ineffective work allowed Akron to score. There is no discredit due Webb for he worked admirably considering everything.

For seven innings he sat on the bench and watched his team mate as he made the Akronites look sick. Suddenly Bob Berryhill called to him to get a ball and a glove and warm up. Linke had been injured in an effort to pull down a line drive Webb pitched a few while Buff Ehlman was retiring Newark, only three batsmen facing the long pitcher at that time. Unluckily for Webb he had but a short time to get his muscles warmed when Newark took the field and he went into the box. He passed two men, allowed a hit, a scratchy one and at that allowed but one score for Akron when they had the bases all occupied.

Newark stock went down a hundred per cent after Linke was hurt and every fan on the ground was heart sick not only because of Newark's chances for winning, but because the best pitcher on the staff is disabled probably for three weeks.

As for Akron, every man in Newark was surprised at the showing made by East's all star bunch. Bets were hard to get when it was learned that Ehlman was to officiate. Contrary to expectations, he worked badly. The first ball he offered, Snyder rapped in the "schnitz" and it went to the right field fence for a triple. Walls singled over Neibinger's head and scored Snyder and the local bugs went wild with delight. Ehlman was noticeably worried by this unexpected turn of events and at no time during the game did he have absolute control of the situation. He acted as though he was not sure of the conduct of the men behind him.

None of the stars in Akron's lineup made any sensational showing in the opening game. Caffyn in left field did not look any better than any other fielder to the Newark fans, and his much touted fondness for the left handed style of delivery proved to be a joke. None of the boards on the fence were knocked loose by his long hits, though every Newark man shuddered when he came to bat.

The sensations started right off in the first inning. Callahan stepped to the plate and swung on the ball mightily. All he could do was to foul the sphere, but it came perilously near dropping over the fence in front of the third base bleachers. Wratten came to the fence and held his hands over the barrier and caught the ball. It was a very difficult play, but Wratten did not hesitate. Neibinger fouled one in almost identically the same spot and Wratten registered again. Caffyn's high fly dropped in Wratten's territory and he retired the side while the big crowd went wild with delight.

Akron players did not allow the game to pass without doing a little sensational playing themselves. Neibinger at short made one pretty stop of a line drive. Callahan made a fine running catch of a short fly which looked good for two bases. Schwartz played well at first, catching Al Schweitzer's short fly when he tried

to bunt. He caught it quick enough to double Snyder at second and had Walls tarry a little at first, he would have been caught too, which would have been a triple. He escaped by barely six inches, as Schwartz had to jump from the bag to get the throw and while the first sacker was in the air, Walls slid under him to the bag.

Umpire Bannon worked through out the game, and while a little off on balls and strikes, he gave general satisfaction. He seemed to be unable to get next to the break in Linke's bender's and many of the Akron players smiled after he had called "ball".

Bannon carried himself on the field as though he had a thorough knowledge of the game and was on hand when there were decisions to be made. Of course he came in for the usual criticism from the bleachers, and even a few members of the elite in the grand stand. Once Berryhill kicked on a decision and was supported by Haval another players in his objections, but Bannon waived the men to the bench with "I called the man out, and he is out. That settles it." And it did.

Lancaster, O., May 2.—In spite of cold winds and lowering skies, the opening of the championship season here yesterday was a success and 1500 loyal fans saw the Lanks wallop Sam Wright's Youngstown bunch, 4 to 3. The game was preceded by band concert and automobile parade. Jack Compton, who was the Lanks' premier twirler last year, pitched the game for Youngstown and was given a clouting by his old teammates. Mansfield played poor game.

Mansfield, O., May 2.—The opening game of the season here yesterday afternoon with Sharon was preceded by a band concert and parade. At the park 1500 people braved an almost freezing atmosphere and witnessed a good game up to the 8th inning, when several errors in succession by Delehanty were largely responsible for four runs by the visitors, which gave them the game, for while Mansfield had runners on third and second in the last half of the 8th with none out, some stupid base running and lack of timely hitting prevented any run getting. Score: R. H. E. Mansfield..... 5 12 5 Sharon..... 6 10 1 Batteries—Scanlon and Breymaier. Muldowney and Matteson. Umpire—Latham.

Marion Lost Opener.

Marion, O., May 2.—When President Morton of the O. P. league cracked the neck of a bottle of lithia water over the home plate in christening Marion's new baseball park yesterday afternoon at 2:30 o'clock, 2000 people filled the grand stand and bleachers at the opening game between Marion and New Castle. The new park was christened Webb park after President John Webb of the Columbus, Delaware and Marion railway, one of the largest donors. Mayor Scherff made a brief speech and pitched the first ball.

The parade to the baseball ground was the main feature beside the game. Bringing up the procession was a string of race horses representing the various teams in the league, followed by a donkey bearing a Zanesville banner. Score: R. H. E. There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. A Poser For the Government.

London, May 2.—The censor's prohibition of the production of "The Mikado" as a mark of sympathy with Japan is causing considerable protest here. Vincent Kennedy, Irish Nationalist, member for the west division of Cavan, has given notice that he will question the government in the house as to whether Premier Campbell-Bannerman will cause the presentation of "Hamlet" to be prohibited, "since Denmark is a friendly power and a Danish king is therein portrayed as a murderer."

OTTO MEYER IS ENGAGED FOR THE MUSIC FESTIVAL

Famous Virtuoso Will be Heard on the Opening Night for the First Time Since Coming to Newark--
Interview With This Talented Violinist.

Otto Meyer, the famous violinist, who returned a few days ago to this country after four years study abroad and many concert triumphs, was seen by the Advocate Thursday regarding the report that he is to make his initial appearance in this country here in Newark in the spring festival.

Mr. Meyer stated that he has just

when asked for a sketch of his work abroad: "There is not much to say. I studied with Sevcik, of Prague, Bohemia, the greatest teacher of technique in the world. Among his other pupils are Kuchlik, Marie Hall, Kodan and many other famous violinists. I believe

OTTO MEYER.

been engaged by Prof. Arthur Judson and will appear in the Auditorium on May 22, the night of the first concert of the festival. This announcement should add wonderful interest to the festival not only because of the fact that Mr. Meyer is a Newark artist, but also because that in spite of many flattering concert offers, he now has, has chosen Newark as the scene of his debut.

Meyer stated to the Advocate

"You were honored by the Bohemian Philharmonic society about that time were you not?"

"Yes, I was made soloist of the society. That is something that had never been the good fortune of an American artist, and I did consider it quite an honor. I followed that with many other orchestra engagements, and became soloist of the various bodies in each instance."

Wishing to gain the best points

of every school, I went to Brussels and studied with the noted virtuoso, Eugene Ysaye. After long study under him, and after my stay in Brussels, I was engaged as soloist with the Mozart Saal orchestra of Berlin, Germany. My work here resulted in my being engaged for a tour of France, which will take place next fall."

The violinist was asked if he had engaged with any manager for his American tour, and he replied that the American manager of Kuchlik and Paderewski has made him a flattering offer. It is probable that he will tour Italy at an early date, also.

"What impressed you most with Newark on your return here?" "Many things about old Newark impressed me, but the one thought that weighed the most with me is to see how Newark has awakened from a musical standpoint. When I think how much I have strived and longed and hoped that Newark might be awakened to the true appreciation of the greatest in musical art, and then when I return to find you listening to the world's greatest artists in your annual festivals, it seems like a good dream come true. I am glad, for this reason, that I can appear here this season."

The Village Scamp, the Town Gossip, the Dude, and many more ridiculous characters to be seen "At the Village Postoffice," Taylor Hall, May 3rd.

At the beginning of the new year there were in London 32 west end, 35 suburban theaters and 64 west end and suburban music halls, all within sight of St. Pauls.

SEND IN CHECKS TO BOARD OF TRADE

The Board of Trade is needing more money with which to settle accounts with the Jewett Car company, and the Ohio Rail Mill. In an interview with Secretary Phillips today, he stated that the committee in charge of the collections of the donation to the board for these two industries appreciate very much the manner in which the business men and others have responded to their calls for money but that the board needed a little more. Mr. Phillips stated that the directors of the board desired to get possession of the deeds of the lots which were donated and urged that those who have contributed to the work of the board send in their checks at once.

The Jewett people have already commenced the installation of the new machinery.

The Jewett people have already started the new building on Williams street and the Ohio Rail company has already commenced the installation of the new machinery.

DISCRIMINATING LADIES.

Enjoy Using Herpelide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpelide speak of it in the highest terms, for its quick effect in clearing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it always that itching which dandruff will cause. Newbro's Herpelide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpelide stops falling hair and prevents baldness. It is also an ideal hair-dressing for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists.
